FACE HUMORS.

Beven Years of Physical and Mental suffering Ended by Cnticure.

A BOUT seven years ago I had a humor break out upon my face; it started in a small blotch and looked like the sting of a bee, then it spread and looked like the sting of a bee, then it spread and looked like a rinsworm, and became very painful. I at once went to one of the best doctors in the city, and he could do me no good. No less than twelve of the best doctors have had a trial at my isce, and all f them failed I will not give you list of their names, but will say that they were from Beston, New York and Maine, also from England, France and Canada. I have been a hotel cook and steward for years. In the summer I cook at watering places; that is why I have had an opnortunity of being amons g od doctors. They could not core my face, and I had siven up all hopes of ever being any better. Last June, I went to Mooseheal Lake, Maine, to cook for the season. My face was so bad I did not like to be seen. At the lake I met a gentlemen from England. He told me to use your Covictua Remedies and they would cure me at once. I did so. The result was in three weeks the series on my face were healed up. I used it all the season. My lace is all well, and ne says to be seen. I have recommended it to a number, and in every case it has cured them. It would take a great doal of money to nut me back where I was one ear age, providing I did not know what your Curricus would do. I shall recommend it as long as I live, and chall over remain,
